

or biological weapons. We are asking them to respond to large natural disasters like earthquakes, floods, and tornados. Yet the bulk of the money to buy the equipment and do the training of these people comes from chicken dinners, tag days, and suppers in the fire halls.

We have an opportunity tomorrow, Democrats and Republicans, to come together with an overwhelming vote in support of our American heroes. These brave men and women who, for 250 years, have protected America's towns and cities, a unique aspect of this group, Mr. Speaker, is they protect our inner city urban areas and they protect our rural farming districts. They are all over America.

We have missed the boat. We created the AmeriCorps program, a great idea to promote volunteerism. Do my colleagues know, Mr. Speaker, the volunteer fire service cannot even qualify for the hundreds of millions of dollars that AmeriCorps gets each year?

We support the law enforcement, the police departments in AmeriCorps, in fact about \$3 billion a year. We even use Federal funds to help buy the police vests for the local police officers. But we have done nothing for the fire and EMS community.

The President wants 100,000 new teachers. He wants 100,000 new police officers, not a mention of the fire and EMS personnel departments and people across America.

Tomorrow, Mr. Speaker, in this body, our colleagues can have a chance to support the first major appropriation of real dollars to help these brave men and women: \$10 million to fully fund the rural fire protection program, for small rural departments, \$10 million for burn research, and \$80 million for a national grant program to be competitively based, where every fire department in America can compete for a dollar-for-dollar match for funds to provide communications, training, equipment, to help them better protect their towns.

Finally, we will change the provision of one of the largest Federal block grant programs to our cities and counties across America, the Community Development Block Grant Program, to allow that money to be used if the local leaders so choose for fire and EMS. That could mean the availability of up to \$4.8 billion this year of money already going out to our cities and counties across America.

I would ask our colleagues, Mr. Speaker, to respond affirmatively. I would ask our constituents all across America to make those phones ring tomorrow morning from 8 o'clock on to make sure that all of our colleagues are aware that it is time that this body step up and support these brave American heroes, people who every year have fought to keep our towns and our cities safe.

The supplemental bill is important. It will put more money into defense. It will put more money into FEMA. But for the first time, we have an opportunity to put money into those organizations that have been there in each of our towns protecting our citizens. Each congressional district has, on average, 80 fire and EMS departments, ambulance organizations, organizations involving rescue and fire departments. Tomorrow is our chance in this body to support that legislation.

So, Mr. Speaker, in closing I ask our colleagues to support the amendment that will be offered by myself, the gentleman from Maryland (Mr. HOYER), the gentleman from New Jersey (Mr. PASCRELL), the gentleman from New Jersey (Mr. ANDREWS), the gentleman from Michigan (Mr. SMITH) with the support of the gentleman from Texas (Mr. ARMEY) and the gentleman from Texas (Mr. DELAY), the support of people like the gentleman from Delaware (Mr. CASTLE) and the gentleman from New York (Mr. BOEHLERT), as we come together in a bipartisan message of support for these brave and true American patriots, the men and women we call our domestic defenders.

I urge our colleagues and our constituents again to make sure that we hear that message loudly and clearly tomorrow. Get on the phone. Make those calls. Be heard so that this government responds with a token amount of money to allow these people to continue to serve America most of them being volunteers.
